### Lessons for the future from the COVID-19 pandemic, COVID-19 patterns, prevalence and risk factors for long COVID after mild disease

#### Peer reviewed journals featured:

- The Lancet Commission reflections on lessons for the future from COVID-19 [here](#) and associated editorial [here](#)
- Observational studies on:
  - Two-year health outcomes in hospitalised COVID-19 survivors in China [here](#)
  - Mortality risk in hospitalised COVID-19 patients during the Omicron and Delta variant pandemic periods in the US [here](#)
- Commentary on:
  - COVID-19 patterns [here](#)
  - Role of mathematical modelling in future pandemic response policy [here](#)
  - Declining US life expectancy since COVID-19 [here](#)

#### Pre-peer review articles featured:

- Prevalence and risk factors for long COVID after mild disease [here](#)
- Evaluation of long COVID by cardiopulmonary exercise testing 12 months after hospitalisation for critical COVID-19 [here](#)
- Omicron sublineage BA.2.75.2 escape from neutralising antibodies [here](#)
- Post-vaccination neutralisation responses to Omicron sub-variants [here](#)
- Real world effectiveness of tixagevimab/cilgavimab (Evusheld) in the Omicron era [here](#)
- Biological heterogeneity in patients with long COVID [here](#)
- Real-world effectiveness of nirmatrelvir/ritonavir (Paxlovid) in preventing hospitalisation in high-risk US COVID-19 patients [here](#)
- Denmark's increasing Omicron reinfections [here](#)
- Long COVID in US adults two years after the start of the US pandemic [here](#)

## Guidance and reports

- The World Health Organization published updated guidance on:
  - Therapeutics and COVID-19 [here](#) with associated BMJ visual summary [here](#)
  - Clinical management of COVID-19 [here](#)
- The National COVID-19 Clinical Evidence Taskforce released updated recommendations and clinical flowcharts [here](#)

## News and blogs

- More than 10 million children lost a parent or carer to COVID-19 [here](#)
- Long COVID Europe patient group calls for greater regional collaboration and action at WHO European regional committee [here](#)
- Commission describes “massive global failures” of pandemic response [here](#)
