2. Goal

To improve access to safe and effective care for mental health patients in the Emergency Department (ED) who are admitted to Caritas Mental Health Unit by May 2020.

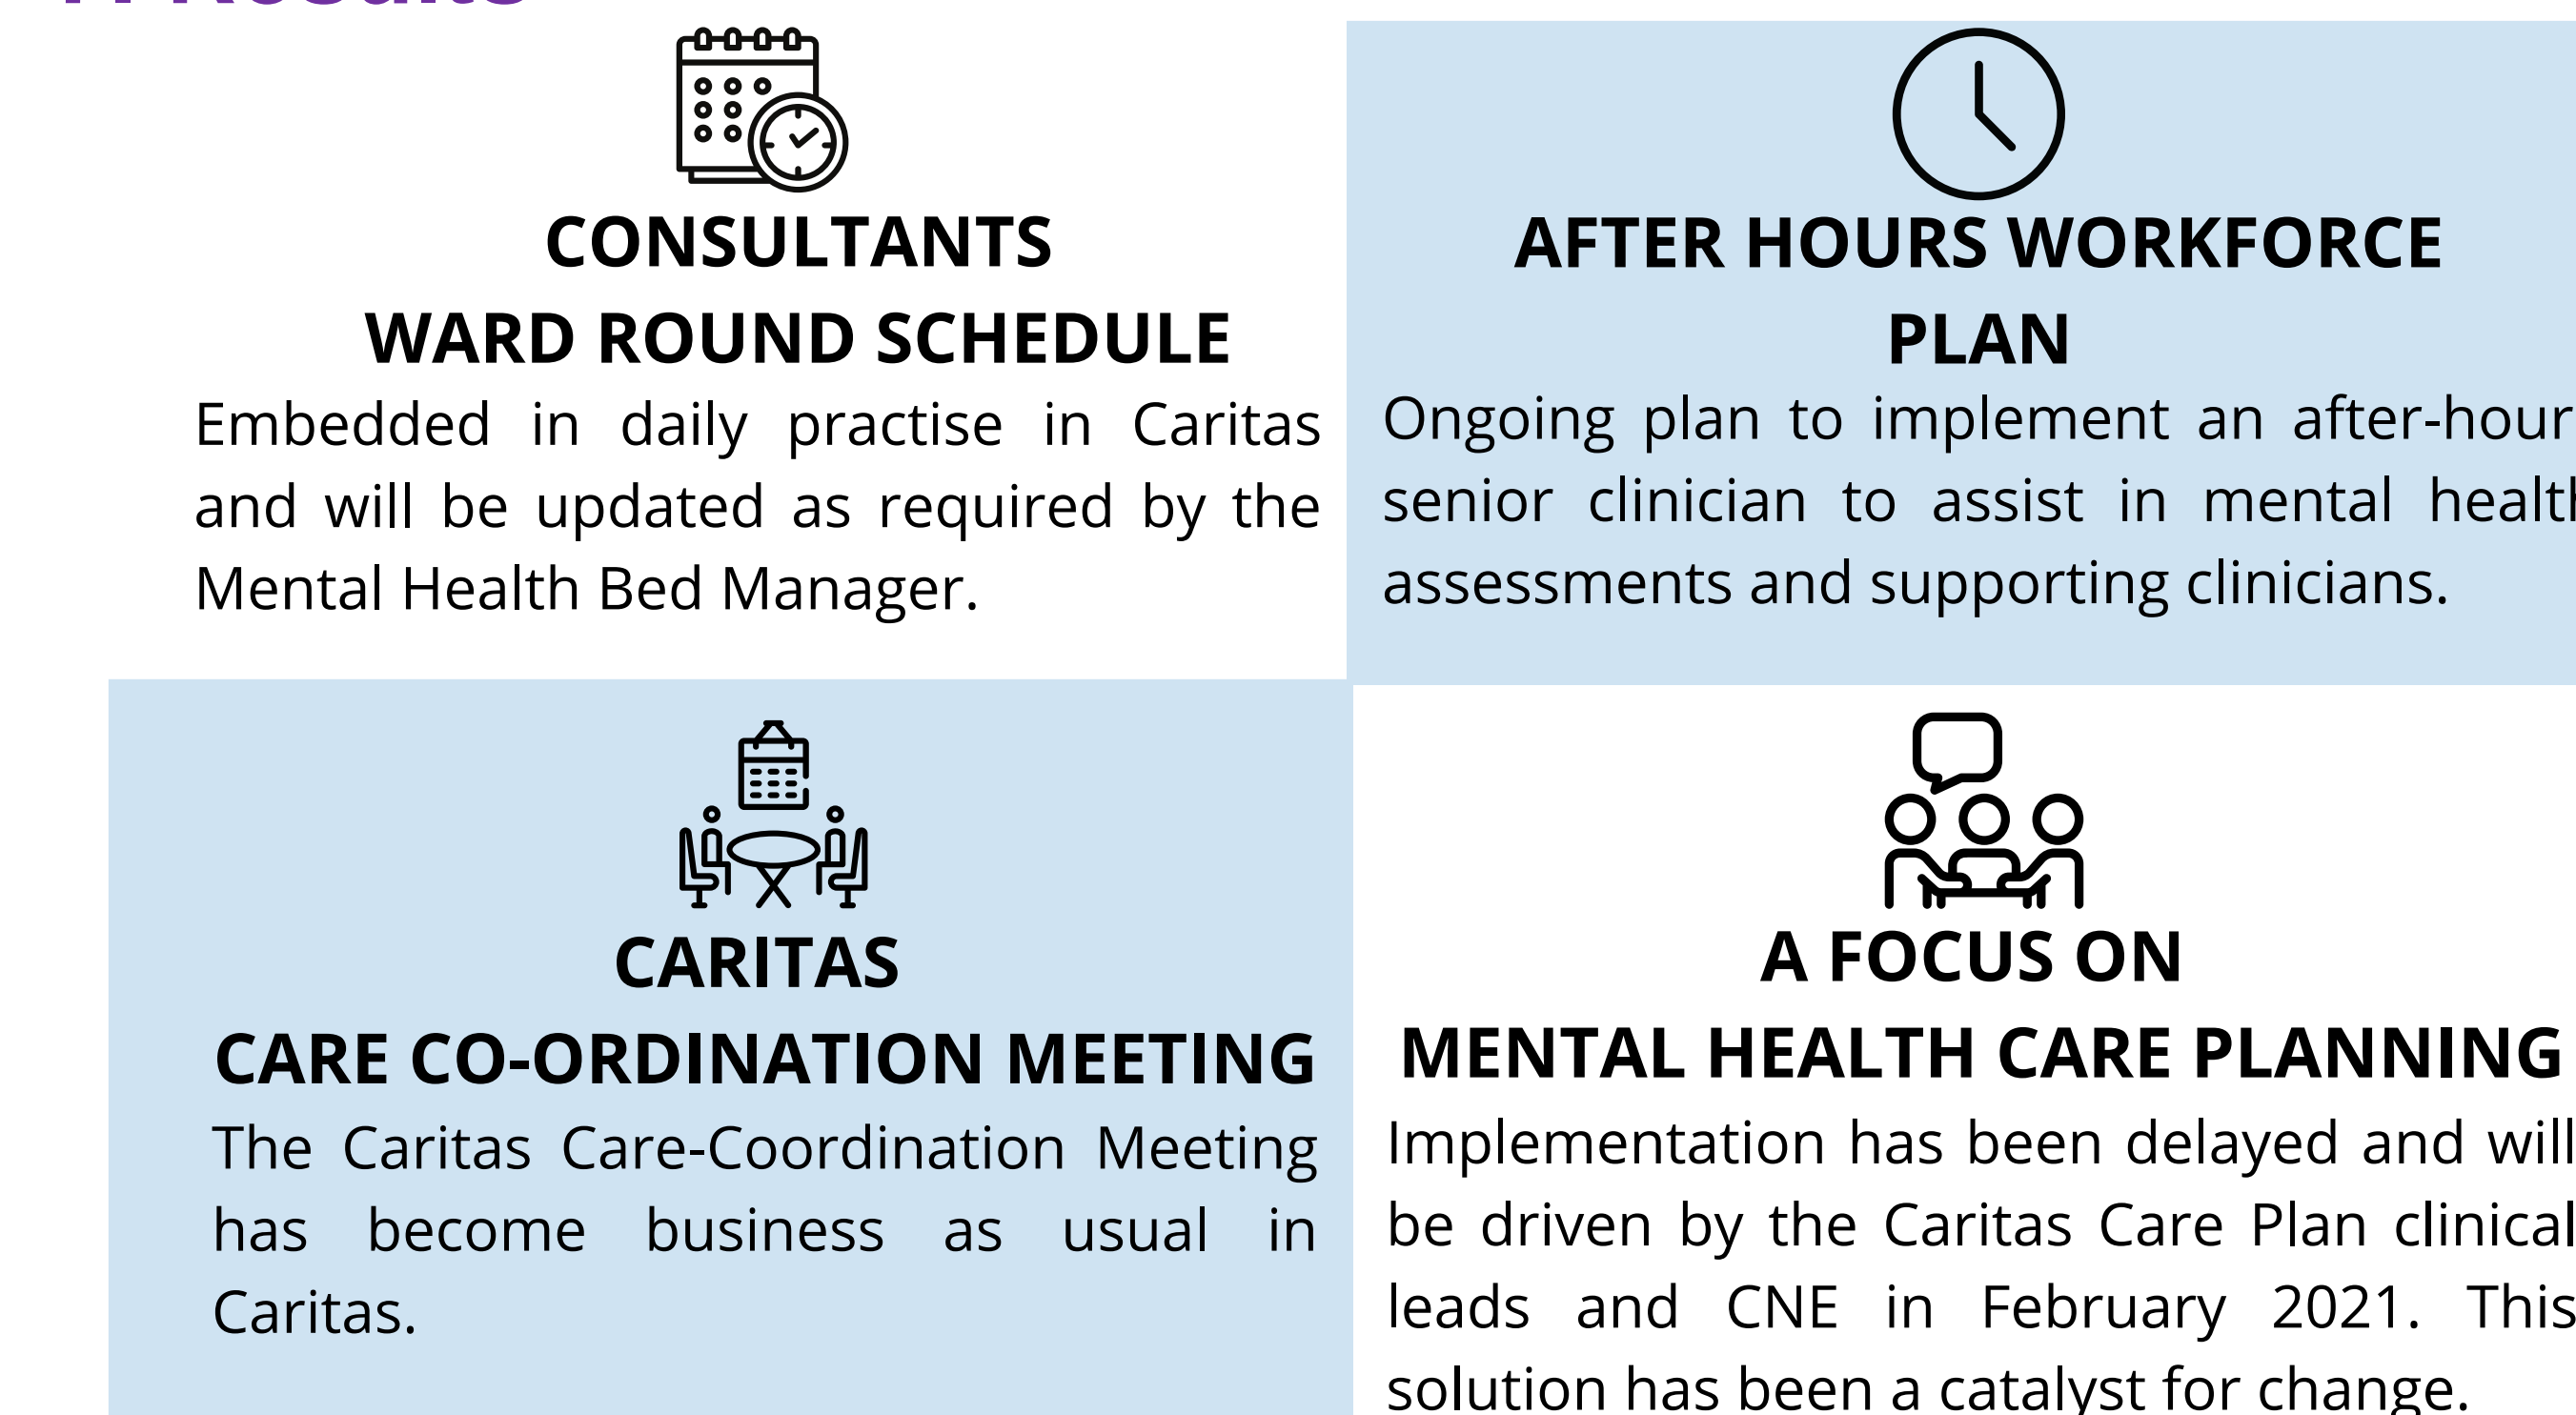

3. Objectives

- To improve Emergency Treatment Performance (ETP) for mental health patients admitted to Caritas from **30% to 50%** by May 2020
- To achieve and sustain Your Experience Survey Patient Satisfaction Results (YES) from Caritas, which are currently at **75% to 85%** by March 2020

6. Solutions

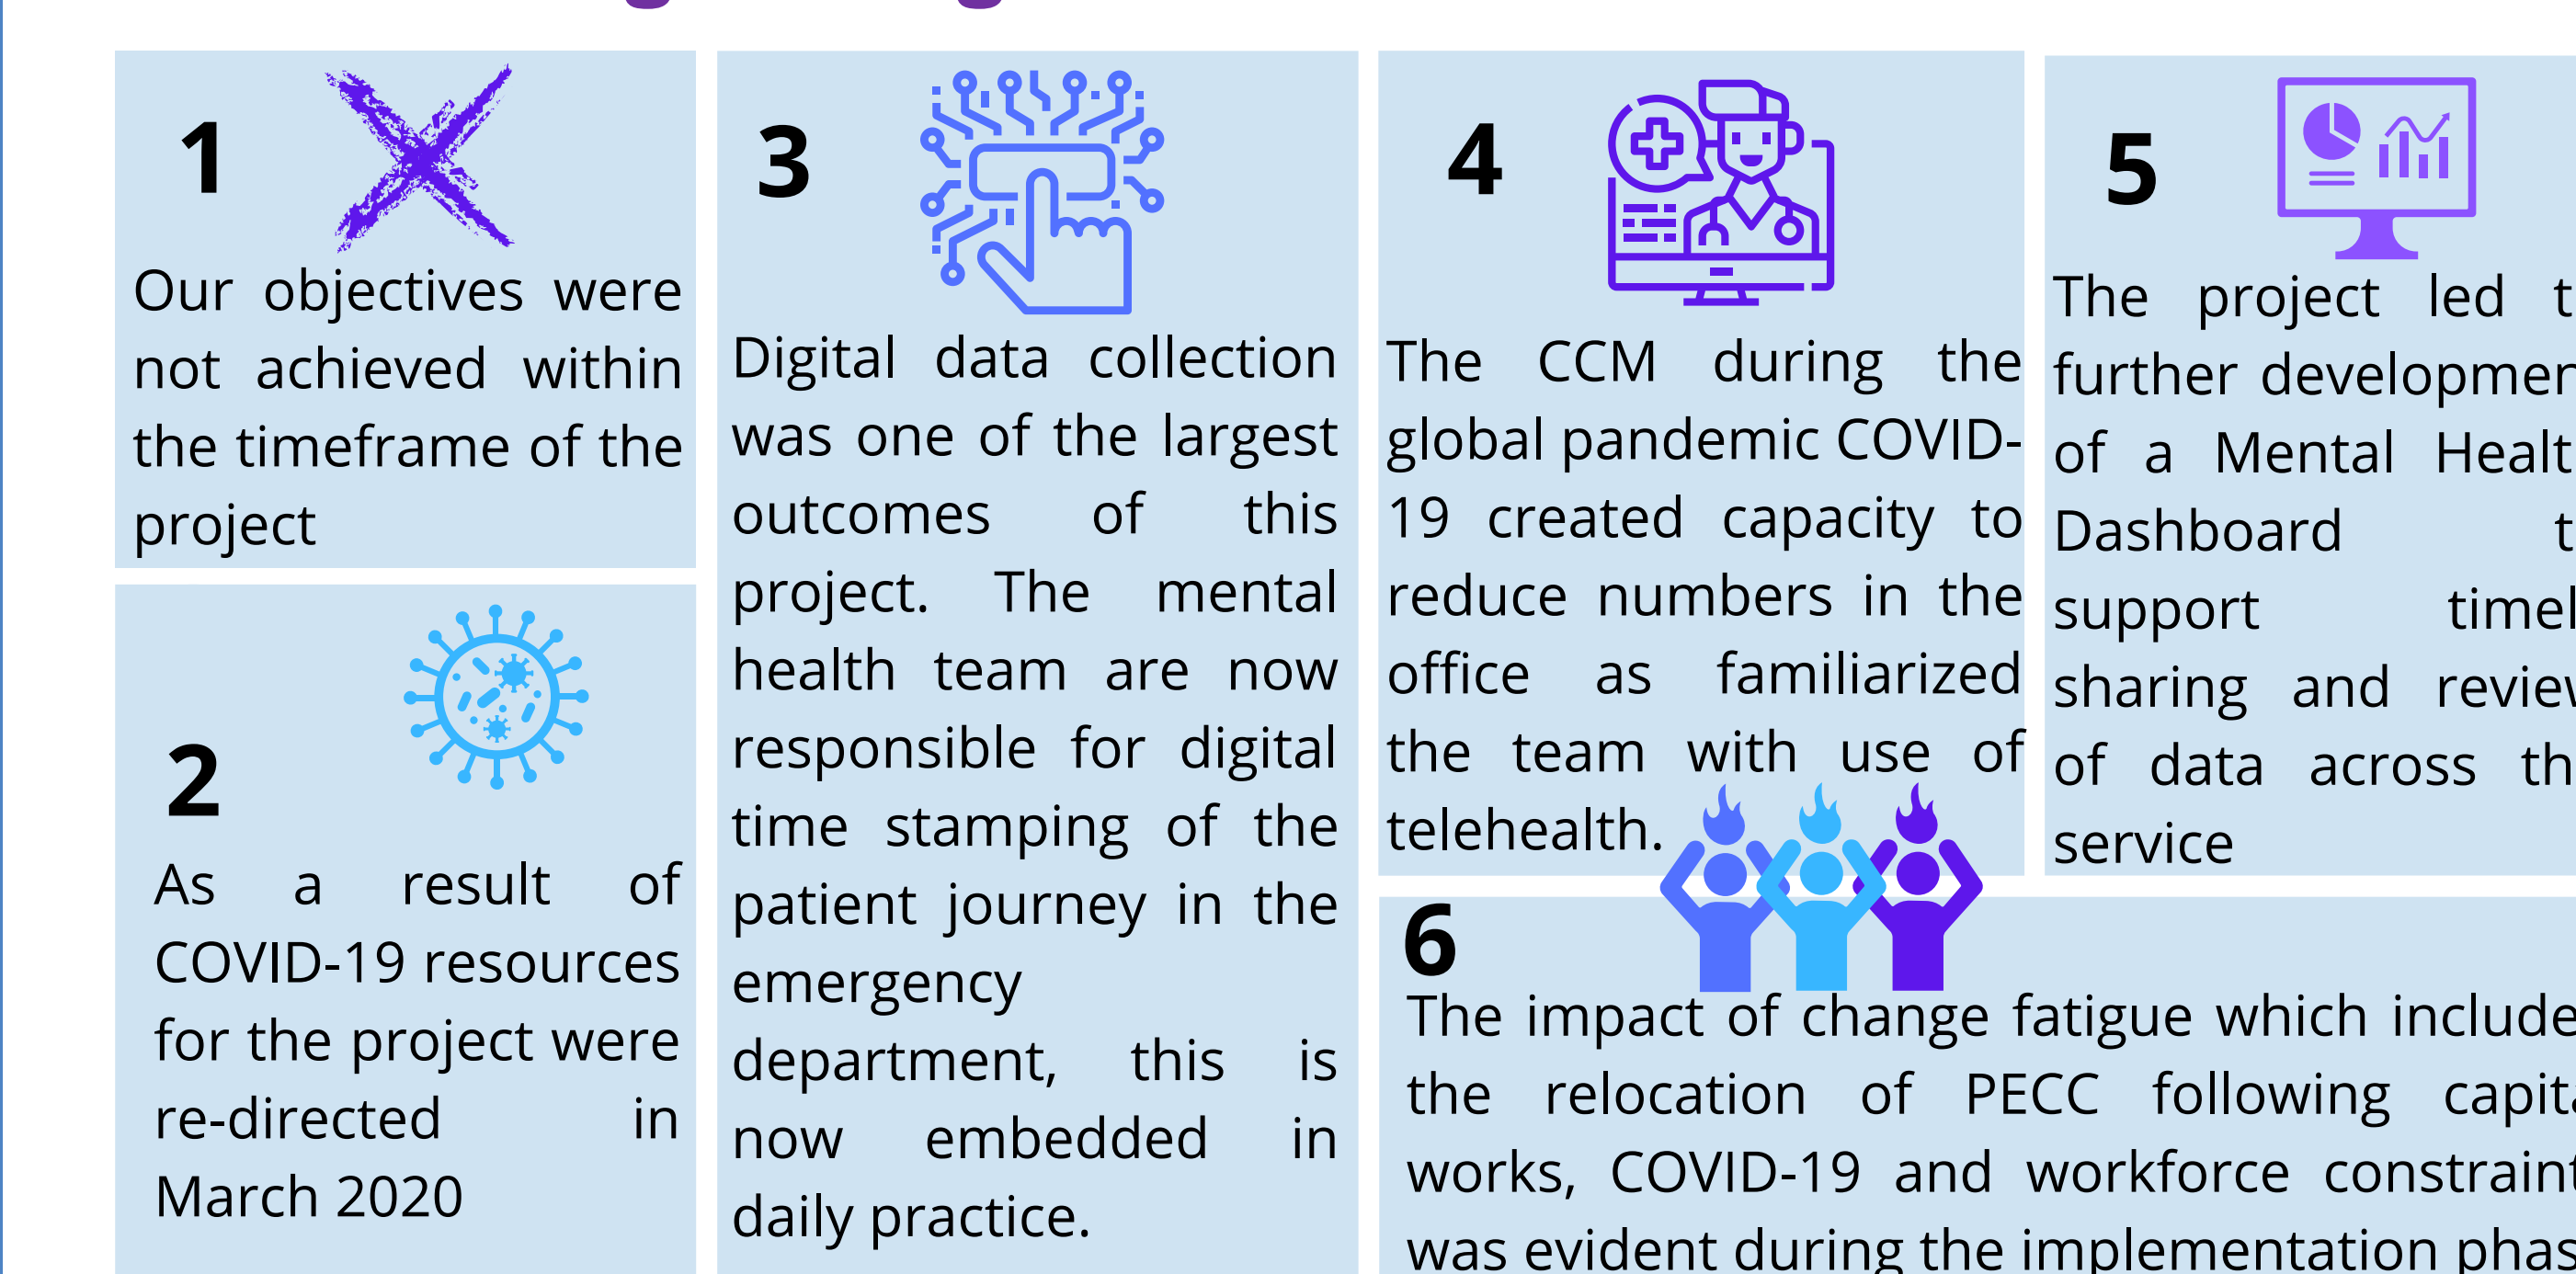

7. Results
