

The evidence digest collates recently released reports and evidence – provision of these links does not imply endorsement nor recommendation.

### Remdesivir, the Outbreak.info research platform, telehealth outpatient palliative care, orthostatic tachycardia after COVID-19

#### Peer reviewed journals featured:

- Systematic reviews and meta-analyses on:
  - Remdesivir in hospitalised COVID-19 patients [here](#) and associated commentary [here](#)
  - Efficacy of COVID-19 vaccines and the dose-response relationship [here](#)
- A narrative review on a research library, Outbreak.info [here](#)
- A practice guide on orthostatic tachycardia after COVID-19 [here](#)
- Observational studies on:
  - Hospital-in-the-Home for acute care of children during COVID-19 [here](#)
  - Acute and post-acute COVID-19 outcomes in immunologically naive adults during Delta vs Omicron waves [here](#)
  - Antibody levels in haematopoietic stem cell transplant and cell therapy recipients one year after vaccination [here](#)
- A qualitative study on telehealth outpatient palliative care during COVID-19 [here](#)
- Commentary on:
  - Key paediatric public policy priorities as the COVID-19 pandemic persists [here](#)
  - COVID-19 in Australia [here](#)

#### Letters and correspondence discussed:

- Hypertension and severe COVID-19 [here](#) and authors' reply [here](#)

#### Pre-peer review articles featured:

- Changes in the respiratory tract and gut antibiotic resistome of COVID-19 patients and its association with disease severity [here](#)
- Global evidence on the economic effects of disease suppression during COVID-19 [here](#)
- Genomic determinants of long COVID [here](#)
- COVID-19 impact on anti-psychotic prescribing in people living in a care home [here](#)
- Effectiveness and safety of remdesivir in hospitalised COVID-19 patients (ReEs-COVID19) [here](#)
- Task shifting healthcare services in the post-COVID world [here](#)
- Event rate and predictors of long COVID and the average time to diagnosis [here](#)

## Guidance and reports

- The World Health Organisation published:
  - its weekly epidemiological COVID-19 report [here](#)
  - a presentation on the current COVID-19 situation [here](#)
- The Australian Technical Advisory Group Immunisation (ATAGI) released recommendations on use of the Moderna bivalent (Original/Omicron BA.4/5) COVID-19 vaccine [here](#)

## News and blogs

- COVID-19 death rate gap for ethnic minorities closes in England [here](#)
- COVID-19 infection protects against severe disease [here](#)
