

SAVE THE DATE

Vocational Intervention Program training workshop

Tuesday 2 July 2024, 9:30am to 11am

Overview

This free workshop is an opportunity for health clinicians and vocational providers to learn more about the Vocational Intervention Program (VIP), which supports people with brain injury to return to work.

It will provide details about the VIP, the program's background, partnership development and how to access the program's new resources.

Experienced clinicians and vocational providers will also share their knowledge and expertise about how to develop partnerships to improve vocational rehabilitation experiences for people with brain injury.

Audience

The workshop is open to professionals working with people with brain injury who have vocational goals, including:

- Brain Injury Rehabilitation Program (BIRP) clinicians
- vocational rehabilitation providers
- icare staff.

Cost

Free

Venue

MS Teams (invitation link will be sent closer to the date)

Registration
