

Seclusion Hot De-Brief Template

This template is to be used as a guide for leading a "Hot de-brief" after a patient has been secluded. It is very important that we understand why the patient needed to be placed into seclusion and if more appropriate alternatives were present? Please document brief answers under the following questions and send the completed report through to the Director of Nursing.

How long did the patient spend in Seclusion?

Has this patient been secluded on prior occasions? If so, how many times?
